laser eyes on/off   change color!   break/dance

RUN JAVASCRIPT

```
152  // When color button is clicked...
153  $(".color").click(function() {
154    // assign each named color a random number 0-255
155    var red = Math.floor(Math.random() * 255);
156    var green = Math.floor(Math.random() * 255);
157    var blue = Math.floor(Math.random() * 255);
158
159    var randomRGBA = 'rgba('+red+', '+green+', '+blue+',1)';
160
161    //lol
162    $("body").css("background", randomRGBA);
163    // Diplay the randomRGBA
164    alert(randomRGBA);
165
166    //Display the three values in an alert window
167    alert(red + "," + green + "," + blue);
168  });
169
170  $(".moves").click(function() {
171    $("img").toggle();
172  });
```
